To: The Select Board  
From: The Transfer Station Review Committee

The Transfer Station committee met on Jan 11 to discuss the Select boards request for an exemption for the Transfer Station stickers. The committee stands by the need for all Transfer Station stickers to be affixed to a resident's vehicle on the lower right passenger side windshield. Unaffixed stickers may lead to the mishandling between vehicles and individuals. The Committee feels that unaffixed stickers lead to more policing and unnecessary contact and confrontation between residents and staff. Having stickers affixed in one location on the vehicle, helps to easily identify permitted users and provides consistency for the Transfer Station Attendants.

In order to hold residents to the rules and regulations of the Transfer Station, if a resident does not obtain and affix a Transfer Station Sticker to their vehicle after March 1, their license plate will be recorded, and a letter will be sent to them explaining the rules and regulations of the Transfer Station. Further noncompliance will result in the resident having their privileges revoked and they will not be able to use the Transfer Station.

Thank you,  
The Transfer Station Review Committee
